Palestinian National Authority

Official Statement by Spokesperson

The Leadership deplores violence and counter-violence
against Israeli and Palestinian civilians

Ramallah, 18 May 2003, WAFA- an official Spokesperson stated the following:

The Palestinian Leadership deplores all violent acts against Israeli and Palestinian civilians, and calls for the immediate cessation to all aggressions against civilians in all areas without exception. The timing of these operations in Hebron and Jerusalem, and the continuation of the occupation and the Israeli escalation in Beit Hanoun, Khan Yunis, Nablus, Qalqilya, and Jenin, happened on the same day and night in which the first official meeting was convened between the Israeli and Palestinian sides, whereupon three were killed and many were injured in Nablus, Khan Yunis, Qalqilya, and Jenin. The burning and destruction of several houses in Hebron, and the Israeli incursion into several areas especially Ramallah and Bireh, as well as the curfew only affirm the necessity of returning to serious and responsible negotiations under International supervision, and need for the Israeli Government to accept, without conditions, the International Road Map. In the new Palestinian Government's program, the Palestinian Leadership expressed its readiness to take sweeping security measures within the Palestinian domain; it calls on the Israeli side to stop its incursions, attacks and violations, in Gaza and the West Bank, which target our population, Mosques, homes, and farms, and which completely cripple the Palestinian security plans and preparations.

The Leadership would welcome the dispatching of International observers in appropriate numbers to help preserve security and rebuild the Palestinian security force. The Leadership finds no logical reason or excuse for the Israeli Government's continued refusal of admitting International observers. We call on the Israeli government to show its serious readiness for peace by quickly agreeing to the road map and permitting the entry of International observers to all areas so as to preserve the security of Palestinian and Israeli civilians alike. We again express our denunciation of all acts of violence against Palestinian and Israeli civilians suffer.
